

# Membership Report 2024

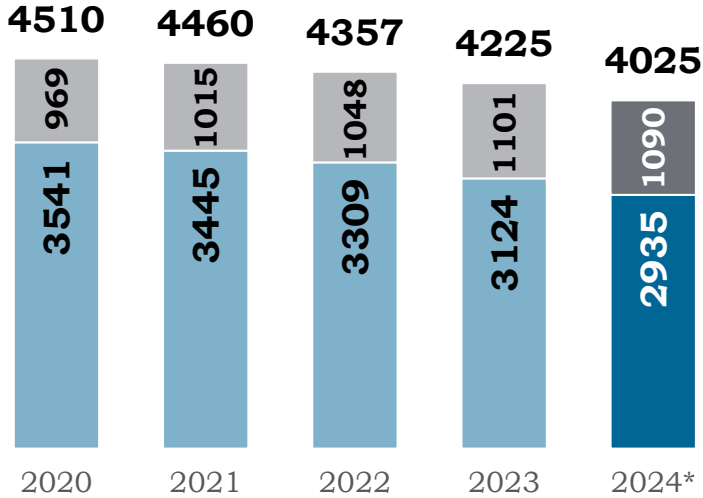

\*2024 Data as of 8/7/2024

The **Member Count** (total number of members both practicing and retired) has decreased in recent years. The number of practicing members has been decreasing while the number of practicing dentists in Washington has been increasing, leading to a decline in **Market Share** over recent years.

**Retention Rate** (percentage of previous year members that have renewed) has remained steady. **New Members** (members who did not hold WSDA membership the previous year) have varied from year to year, but overall has seen a decrease.

## Member Count

■ Practicing ■ Non Practicing

## Market Share

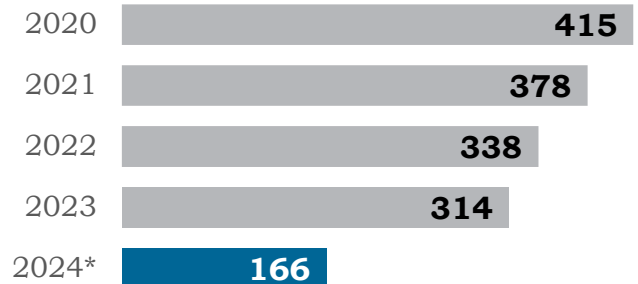

## Retention Rate
