

Membership Report

2025 Data as of 7/29/2025

The **Member Count** (total number of members both practicing and retired) has decreased in recent years. The number of practicing dentists in Washington has been increasing, leading to a decline in **Market Share** over recent years.

Except for a few outliers, these State level trends are also present at the Component level.

Market Share

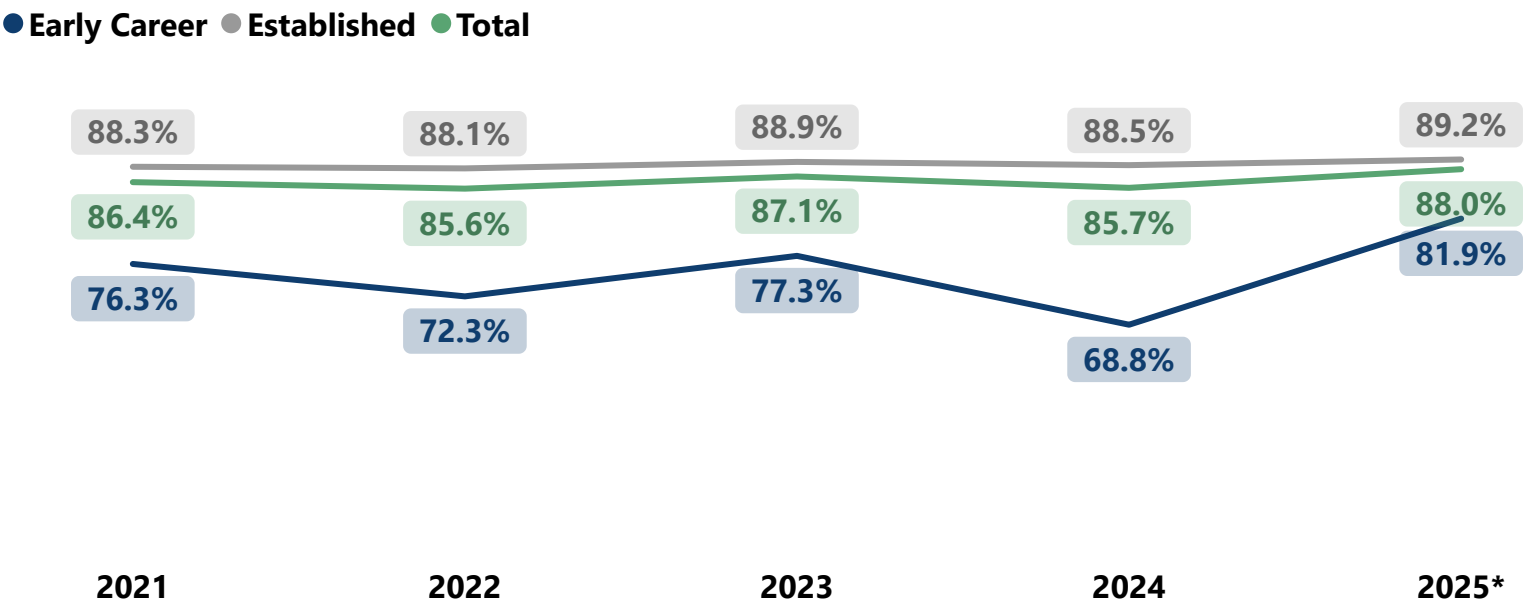

Membership by Component

Component	2024 Total Members	2024 Market Share	2025 Total Members	2025 Market Share
Benton	135	61.4%	129	54.9%
Clark	211	49.8%	206	46.2%
Grant	42	74.4%	46	80.0%
Grays	26	59.3%	29	70.4%
Kitsap	167	71.9%	152	63.3%
L Columbia	38	58.7%	40	52.8%
Lewis	32	65.6%	30	62.5%
Mt Baker	235	65.6%	237	64.9%
N Central	83	67.0%	78	57.9%
Olympic	56	72.7%	58	71.2%
Pierce	405	54.3%	389	49.9%
Seattle	1572	49.3%	1504	44.9%
Snohomish	370	51.3%	358	47.8%
Spokane	346	61.6%	342	58.6%
Thurston	180	64.8%	173	59.8%
Walla Walla	60	75.0%	54	66.1%
Yakima	128	62.8%	125	61.1%

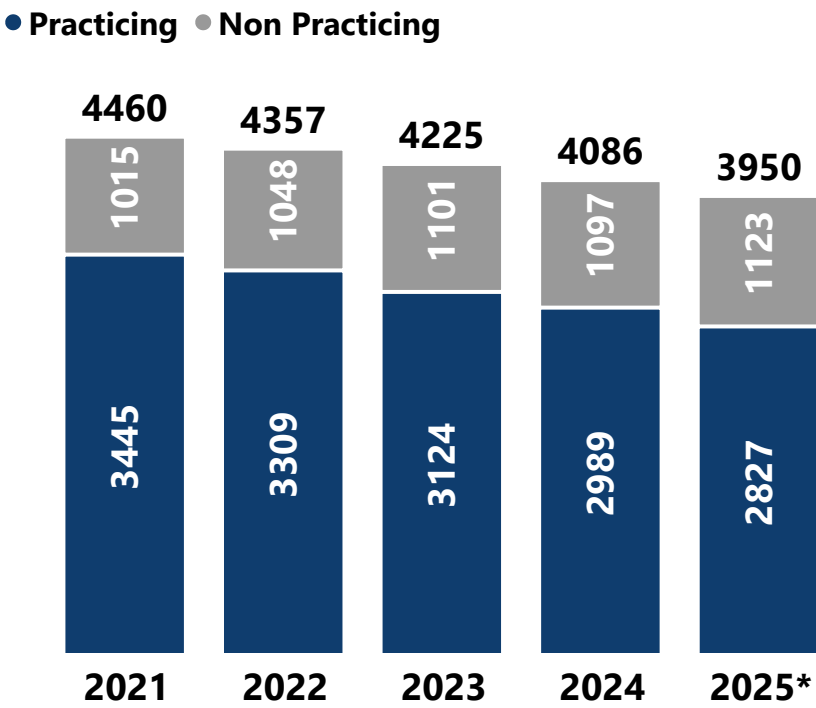

Retention Rate (percentage of previous year members that have renewed) has remained steady. **New Members** (members who did not hold WSDA membership the previous year) historically has decreased from year to year. However for 2025, we are seeing an uptick in new members with the year to date count nearing the year end count from 2024.

The breakdown of Practicing and Non-Practicing members continues to shift with a year over year decrease in Practicing members and a year over year increase in Non-Practicing members.

Retention - Active Dentists
